Sci Fi Dystopia Step By Step:

Environments in Science Fiction Susan M. Bernardo, Donald E. Palumbo, C.W. Sullivan III, 2014-03-26 The all new essays in this book respond to the question How do spaces in science fiction both built and unbuilt help shape the relationships among humans other animals and their shared environments Spaces as well as a sense of place or belonging play major roles in many science fiction works This book focuses especially on depictions of the future that include but move beyond dystopias and offer us ways to imagine reinventing ourselves and our perspectives especially our links to and views of new environments There are ecocritical texts that deal with space place and science fiction criticism that deals with dystopias but there is no other collection that focuses on the intersection of the two [Architecture in Fictional Literature: Essays on Selected Works](#) Nevnihal Erdoğan, 2021-12-24 The art of architecture is an important aesthetic element that can leave a lasting impression in one's mind about the values of a society Today's architectural art education and culture have gradually turned into engineering practices and more technical pursuits Architecture in Fictional Literature is a book written with the aim of understanding the concept of living spaces as portrayed in works of fiction and to open the doors to a new perspective for readers on the art of architecture It is a collection of essays written by educators and literary critics about how architecture is presented in 28 selected literary works of fiction These selected works which include well known works such as Hugo's Hunchback of Notre Dame Kafka's The Castle Swift's Gulliver's Travels Tolkien's The Lord of the Rings Carroll's Alice in Wonderland Fitzgerald's The Great Gatsby among many others collectively attempt to illustrate facets of human life in a lucidly expressive way while also having an architectural background added in the narrative Each essay is unique and brings a diverse range of perspectives on the main theme while also touching on some niche topics in this area such as spatial analysis urban transformation and time period settings all of which have exploratory potential With this collection the contributors aspire to initiate the transformation of architectural education by including a blend of literary criticism By building a foundation of architectural aesthetics they hope to bridge the gap between the artist and the architect while also inspiring a new generation of urban planners landscape artists and interior designers to consider past works when designing living spaces Architecture in Fictional Literature is also essential to any enthusiast of fictional works who wants to understand the fictional portrayal of living spaces and architecture in literature **Science Fiction and Contemporary British Theatre** Ian Farnell, 2025-07-24 Analysing an expanding body of theatre and performance works Science Fiction and Contemporary British Theatre examines how the themes and images of science fiction are enabling practitioners to intervene on the most urgent social and political issues of the present moment By exploring the genre's impact on the live theatrical event the book presents an original and topical interrogation of issues that remain at the heart of the national and global political agenda including military conflict social injustice economic inequality migration nationhood anti democratic populism and climate collapse The author draws upon a wide range of dramatic forms from critically acclaimed plays by

writers such as Alistair McDowall Caryl Churchill Dawn King Anne Washburn and Ella Road to devised work site specific performance Shakespearean drama and physical theatre The book s chapters are based on some of the genre s most resonant images including post apocalyptic wildernesses dystopian regimes and artificial lifeforms Furthermore by placing examples in dialogue with a range of theories and scholars this book constructs an innovative interdisciplinary framework comprised of theatre studies sociology philosophy economic and political science Providing an engagingly written intellectually rich and uniquely compelling analysis Science Fiction and Contemporary British Theatre charts a new and growing landscape of scholarly research and establishes science fiction as an exciting expanding and urgent dramatic and political practice

Post-Apocalyptic Cultures Julia Urabayan,Jorge León Casero,2024-03-19 This book advocates for the necessity of recovering the value of utopias as political projects that open new channels of action The criticism of modern political utopias is based on the supposed impossibility of creating for the future because there is no longer a future apocalyptic ideology However this edited collection seeks to show that the post apocalyptic world in which we live entails a renewed freedom of design for the radical reorganization of institutions Post apocalyptic cultures are not obligated to follow the capitalist anthropocentric correlationist and sovereign modes of the old political project of emancipation the Western enlightenment that has started to collapse With this in mind this book is divided into four sections dedicated to the main themes from which to rethink the projects of political emancipation that are possible nowadays technopolitics posthumanist biopolitics non western politicsl and the crossover between arts and politics *Climate Futures* Kum-Kum Bhavnani,John Foran,Priya A. Kurian,Debashish Munshi,2019-10-15 Approaching the issues of climate change and climate justice from a range of diverse perspectives including those of culture gender indigeneity race and sexuality as well as challenging colonial histories and capitalist presents *Climate Futures* boldly addresses the apparent inevitability of climate chaos Seeking better explanations of the underlying causes and consequences of climate change and mapping strategies toward a better future or at a minimum the most likely best case world that we can get to this book envisions planetary social movements robust enough to spark the necessary changes needed to achieve deeply sustainable and just economic social and political policies and practices Bringing together insights from interdisciplinary scholars policymakers creatives and activists *Climate Futures* argues for the need to get past us and them divides and acknowledge how lives of creatures far and near human and non human are interconnected **Drop by Drop** Morgan Llywelyn,2018-06-26 Morgan Llywelyn gives readers a near future apocalyptic thriller with her signature depth and intimacy of character In *Drop by Drop* the first in a new trilogy global catastrophe occurs as all plastic mysteriously liquefies All the small components that make many technologies possible navigation systems communications medical equipment fail In *Sycamore River* citizens find their lives disrupted as everything they ve depended on melts around them sometimes with fatal results All they can rely upon is themselves And this is only the beginning Llywelyn blends her signature character driven portrait of small town life with the appeal of William Fortschen s
