Fueled By Failure Using Detours And Defeats To Power Progress:

True Humility Gavin Seah, 2021-10-19 Gavin Seah's True Humility is today's answer to finding true peace and balance in life. How often have we tried to seek peace through practicing a YOLO mindset, hoped for happiness in the pursuit of wanderlust, or looked to social media to strengthen our identity? These are common behaviors we engage in sometimes without even realizing it. Inevitably, we later find ourselves in a never-ending state of frustration, anxiety, and depression. Like many in today's culture and society, Gavin didn't know that he was searching for happiness and meaning in the wrong places, and he became a victim of his own self-focused behaviors. He also battled the effects of bullying, racism, and ostracism from his past experiences that affected the way he looked at the world. In True Humility, Gavin shares his personal stories, observations about life, and key takeaways to help readers understand the practice of True Humility. Through powerful insights and actionable advice, he shows us how to reclaim peace and regain the balance we need. You'll be able to recognize and identify everyday practices in our world that are rooted in self-centered behaviors, learn about three specific moral values that can positively shape your life, discover how to embody the characteristics of True Humility, and begin to create an impact that makes everyone around you better. When you take on the posture of True Humility in your daily life, you elevate it. You'll be uplifted and changed, able to live at your best.

Committed Teams Mario Moussa, Madeline Boyer, Derek Newberry, 2016-02-16 Build high-performing teams with an evidence-based framework that delivers results. Committed is a practical handbook for building great teams. Based on research from Wharton's Executive Development Program (EDP), this concise guide identifies the common challenges that arise when people work together as a group and provides key guidance on breaking through the barriers to peak performance. Committed draws its insights from the EDP's living lab, an intensive two-week simulation during which executive-level participants run complex global businesses. The authors have observed over 100 teams collaborating and competing for over 100 combined years in this intense environment. It has yielded fundamental insights about teamwork: what usually goes wrong, what frequently goes right, and the methods and techniques that will help you access your team's full potential. These insights have been distilled into a simple, repeatable process that you can start applying today. Getting teams engaged and aligned is hard. Committed will give you the tools you need to deal with all of the familiar teamwork challenges that get in the way: organizational politics, delegation, coordination, and aligning skills and motivation. Using vivid stories and examples from the worlds of business, sports, and nonprofits, it will teach you how to understand the dynamics of successful teams, achieve peak performance using a research-backed methodology, gain expert insight into why most teams underperform, learn the critical points common to all great teams. Committed gives you the perspective you need to combine the right people with the right way of collaborating to achieve extraordinary results.
