**The Hales Brothers and the Irish**

**Revolution** Liz Gillis,2016-07-08 The story of the Hales family from Bandon epitomises the whole revolutionary period in Ireland They were involved from the establishment of the Irish Volunteers in West Cork and were closely associated with well known revolutionary figures including Michael Collins Tom Barry and Liam Deasy Both Se n and Tom were company commanders in the IRA in the area The signing of the Anglo Irish Treaty in December 1921 split the family and led to the two brothers taking opposing sides in the Civil War that would follow Tom Hales was the most senior Republican officer on the scene of the chaotic ambush at B al na mBl th that led to the shooting of Michael Collins Se n Hales was himself assassinated in Dublin by Republicans following a vote in D il ireann to allow the Provisional Government to increase its powers to penalise Republican prisoners The story of these brothers and the rest of the family gives a unique insight into life in Ireland in this tumultuous period Michael Collins: The Man Who Made Ireland Tim Pat Coogan,2002-05-17 When the Irish nationalist Michael Collins signed the Anglo Irish Treaty in December 1921 he observed to Lord Birkenhead that he may have signed his own death warrant In August 1922 that prophecy came true when Collins was ambushed shot and killed by a compatriot but his vision and legacy lived on Tim Pat Coogan s biography presents the life of a man whose idealistic vigor and determination were matched by his political realism and organizational abilities This is the classic biography of the man who created modern Ireland **With the Irish in Frongoch** W. J. Brennan-Whitmore,2013-06-07 For eight months following the Easter Rising over 1 800 Irish rebels were imprisoned in Frongoch a former whiskey distillery in North Wales It soon became a University of Revolution and among its notable alumni were Michael Collins and Richard Mulcahy By December 1916 all the Irish prisoners had been repatriated and the camp was closed Frongoch had initially held German prisoners of war but became much more high profile when the Irish rebels were interned there Most of them were interned without any trial or chance to defend themselves and many who had not been initially supportive of the rebel cause were converted during their internment This contemporary account of life in the camp was an important part of the propaganda to win support for the nationalist cause in the lead up to the War of Independence **Political Imprisonment and the Irish, 1912-1921** William Murphy,2016-04-14 For a revolutionary generation of Irishmen and Irishwomen including suffragettes labour activists and nationalists imprisonment became a common experience In the years 1912 1921 thousands were arrested and held in civil prisons or in internment camps in Ireland and Britain The state s intent was to repress dissent but instead the prisons and camps became a focus of radical challenge to the legitimacy and durability of the status quo Some of these prisons and prisoners are famous Terence MacSwiney and Thomas Ashe occupy a central position in the prison martyrology of Irish republican culture and Kilmainham Gaol has become one of the most popular tourist sites in Dublin In spite of this a comprehensive history of political imprisonment focused on these years does not exist In Imprisonment and the

Irish 1912 1921 William Murphy attempts to provide such a history He seeks to detail what it was like to be a political prisoner how it smelled tasted and felt More than that the volume demonstrates that understanding political imprisonment of this period is one of the keys to understanding the Irish revolution Murphy argues that the politics of imprisonment and the prison conflicts analysed here reflected and affected the rhythms of the revolution and this volume not only reconstructs and assesses the various experiences and actions of the prisoners but those of their families communities and political movements as well as the attitudes and reactions of the state and those charged with managing the prisoners

**Pathway to Rebellion:** William Henry, 2016-03-04 In Pathway to Rebellion Willie Henry traces the origins of the rebellion of 1916 in Co Galway back over a century He argues that the country's rebellious past encouraged the Galway Volunteers to take a stand during the Rising when many other parts of the country failed to do so While Galway's people did not make the same blood sacrifice as Dublin they were not lacking in courage Many of the men were without arms while others only had pikes Nevertheless they were prepared to fight although aware that their rebellious actions could mean death in battle or before a firing squad Despite this they stood by their convictions and showed unquestionable commitment to the idea of a free Ireland Following the Rising those who were captured were assaulted subjected to verbal abuse by the public and their captors and condemned to imprisonment Some managed to evade capture but were forced to go on the run However in the aftermath of the leaders executions public opinion changed dramatically and the traitors of yesterday were suddenly the heroes of today The homecoming of those who were imprisoned was in total contrast to their departure The entire story of Galway in 1916 is in this book making it the definitive story of the rebellion in the west *Language from Below* Caoimhghin Ó

Croidheáin, 2006 This book critically investigates the relationship between the Irish language and politics through a survey of individuals and movements associated with the language This approach takes into account competing socialist and nationalist perspectives on language and society to demonstrate the different motivations for and class interest in Irish The increasing power of the global market has the negative effect of reducing the well being and autonomy of national populations The study examines the decline of the Irish language as part of a global neo liberal system that homogenises markets by reducing national and linguistic boundaries It is argued that the struggle for rights is transformational and that the struggle for language rights by individuals and communities is an essential part of this transformation *The Pedagogy of Protest*

Brendan Walsh, 2007 This book provides the first complete account of Patrick Pearse's educational work at St Enda's and St Ita's schools Dublin Extensive use of first hand accounts reveals Pearse as a humane energetic teacher and a forward looking and innovative educational thinker Between 1903 and 1916 Pearse developed a new concept of schooling as an agency of radical pedagogical and social reform later echoed by school founders such as Bertrand Russell This placed him firmly within the tradition of radical educational thought as articulated by Paulo Freire and Henry Giroux The book examines the tension between Pearse's work and his increasingly public profile as an advocate of physical force separatism and by employing

previously unknown accounts questions the perception that he influenced his students to become active supporters of militant separatism The book describes the later history of St Enda s revealing the ambivalence of post independence administrations and shows how Pearse s work which has long been neglected by historians has had a direct influence on a later generation of school founders up to the present

**Fron-Goch and the Birth of the IRA** Lyn Ebenezer,2006 *The I.R.A. and Its Enemies* Peter Hart,1999-11-18 What is it like to be in the IRA or at their mercy This study explores the lives and deaths of the enemies and victims of the County Cork IRA between 1916 and 1923 *The Irish Revolution and Its Aftermath, 1916-1923* Francis J. Costello,2003 The Irish Revolution at the beginning of the twentieth century spawned the creation of the modern Irish state This is the first full length analysis to offer a comprehensive framework of that revolution in its totality taking into account the broad range of social economic and political developments as well as the IRA s campaign of guerrilla warfare and the British response to it Drawing on such previously unpublished sources as the Irish Department of Defense s Military History Bureau the author paints a broad picture of the people and the key events in the Irish struggle for independence The book also breaks new ground in presenting much of the behind the scenes debate within the British Government in the prosecution of its policies in response to the revolt in Ireland British official frustration provoked by the acceptance of D il Eireann by the majority of the Irish people and the independent institutions it sought to set in place is also explicitly chronicled New light is shed on the Anglo Irish Treaty negotiations as well as on the divisions within Irish nationalism before and indeed afterwards which culminated in the Irish Civil War The role of external forces including public opinion in the United States and British competing obligations at home and abroad are also covered Considerable attention is given to the development of democratic government in the fledgling Irish Free State in the midst of domestic upheaval and to the broader effort at nation building which followed after the Civil War Conceiving Revolution Ben Novick,2001 Drawing on a complete set of the advanced nationalist press and uncataloged collections of ephemera in the UK Ireland and the US Novick history University of Michigan and Oakland University explores links between WWI and Irish propagandistic writing looking in particular at the use of humor a **Revolutionary Lawyers** David Foxton,2008 This book considers the use made by Irish Republicans of British courts in the struggle for independence over the period between the Easter Rising and the Civil War It examines the complex relationship between the Republican movement and the British legal order Republican ideology demanded a boycott of British legal institutions in Ireland and committed Republicans to refuse to recognize the authority of British courts The Republican movement established its own rival court structure yet Republicans were simultaneously able to make effective use of British courts to promote a separatist agenda This book offers new insight from original sources into Sinn F c in s most celebrated use of British courts the challenges to death sentences imposed by martial law courts in 1921 as well as lesser known aspects of Sinn F c in s legal strategy the use of coroner s inquests and claims for compensation legal challenges in the English courts to the policy of court martial and internment and

the co-ordinated defence of those captured in the course of the Republican military campaign in Britain in 1920 1 **County Longford and the Irish Revolution, 1910-1923** Marie Coleman, 2003 This book gives an insight into the Irish revolution and seeks to explain how it came about through a study of events at a regional level County Longford was the scene of Sinn Féin's crucial by-election victories in 1917 and an active area of IRA operations during the War of Independence Sinn Féin's victory in the by-election acted as a catalyst for the rapid spread of the movement throughout Longford in the latter half of 1917 Marie Coleman discusses the political aspect of the revolution by examining the importance of administrative changes as Sinn Féin and Dáil Éireann usurped the functions of the courts and local government and then goes on to describe the military side of the revolution A narrative account of the War of Independence and Civil War in Longford is followed by a personnel profile of the Volunteers and Cumann na mBan respectively outlining their activities at various stages of the independence campaign and examining their motivation for joining these organisations and engaging in violent activity

The Northern IRA and the Early Years of Partition, 1920-1922 Robert John Lynch, 2006 The years 1920-22 constituted a period of unprecedented conflict and political change in Ireland It began with the onset of the most brutal phase of the War of Independence and culminated in the effective military defeat of the Republican IRA in the Civil War Occurring alongside these dramatic changes in the south and west of Ireland was a far more fundamental conflict in the north-east a period of brutal sectarian violence which marked the early years of partition and the establishment of Northern Ireland Almost uniquely the IRA in the six counties were involved in every one of these conflicts and yet it can be argued was on the fringe of all of them The period 1920-22 saw the evolution of the organisation from peripheral curiosity during the War of Independence to an idealistic symbol for those wishing to resolve the fundamental divisions within the Sinn Féin movement which developed in the first six months of 1922 The story of the Northern IRA's collapse in the autumn of that year demonstrated dramatically the true nature of the organisation and how it was their relationship to the various protagonists in these conflicts rather than their unceasing but fruitless war against partition that defined its contribution to the Irish revolution **Analecta Hibernica**, 2015 The Man who Made Ireland Tim Pat Coogan, 1992 Know and learn from the story of Michael Collins **The IRA, 1926-1936** Brian Hanley, 2002 Although many books have been written about the IRA little attention has been paid to the rank and file of the organization as well as the movement in 1930s Ireland Thanks to the availability of records kept by Moss Twomey leader from 1926 to 1936 much is now known Twomey as chief of staff kept in his possession a vast quantity of correspondence orders and minutes from this particular period Allied with the papers of such luminaries such as Seán Humphreys, Seán MacEntee, Desmond Fitzgerald as well as a host of other people a broad picture can be pieced together Despite its military defeat in 1923 and the subsequent departure of members to Fianna Fáil by its very existence through the period as an armed political force dedicated to the overthrow of both states the IRA remained a significant factor in Irish political life As a result of this activity and the records that remain we now know who was

involved and at what level membership numbers throughout Ireland and in particular the Ulster counties and to what degree these people were active for the cause are discussed We learn about Brian Corrigan in Mayo Terry Ward in Derry David Matthews in Belfast and Se n McGuinness in Offaly among many others With many interesting facts and figures this book could become the definitive account of the IRA in the 1930s      **Republican Internment and the Prison Ship Argenta**

**1922** Denise Kleinrichert, 2001 Kleinrichert BA in economics minors in political science sociology and English Indiana University draws on interviews with former internees and their descendants to tell the story of the detainment of some 300 men of Northern Ireland in May 1922 on the prison ship S S Argenta and at Larne Workhouse Camp Includes bandw historical photos Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR
