This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction GLBTQ literature graphic novels manga and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's reception a discussion of authors and works and suggestions for further reading.
