Nicholas LaRue, 2025-07-29 Everybody has a story in them Some people lack the language and the tools to tell that story
effectively As an avid tabletop role playing game player I m amazed at people s ability to tell stories on the spot Both the
players and the game masters are creating worlds in their minds and playing out the events using improv in real time Being
an author and screenwriter I know how difficult it is to create consistent and well constructed characters themes and
conflicts I believe that storytellers looking to level up in the classroom their hobby or career could learn a lot from games like
Dungeons Dragons Pathfinder and others This book seeks to give people the tools and language to create and master their
worlds and characters using TTRPG mechanics and rulesets as foundational elements This book will contain insights and
interviews from some of today s most respected game masters players actual play actors and we ll also hear from some of the
people behind the scenes responsible for creating these games and how they view worldbuilding and storytelling for their
