Dismissal in the European Union: A Comparative Analysis Roberto Cosio,Filippo Curcuruto,2016-04-24 When business imperatives require large enterprises to reorganize involving the reduction in staff legally characterized as collective dismissal EU directives and laws across Europe mandate specific procedures to support workers who have been made redundant and impose sanctions where regulatory or judicial scrutiny uncovers violations It is thus essential that a clearly defined framework of the laws and jurisprudence in force in each Member State be provided for businesses and their counsel to ensure compliance and avoid sanctions This eminently practical book the first and only book of its kind provides exactly such an analysis The book is structured on a country by country basis with each chapter written by an expert in the country covered and responding concisely to such questions as the following How is collective dismissal calculated Which issues regarding collective layoffs procedures trigger legal intervention What happens when enterprises provide incomplete or delayed information to labour unions or public officials When can a worker be reinstated or claim compensation Each chapter clarifies the extent to which directives have been implemented in the Member States and whether the law in force provides workers with some more favourable treatments than EU actually requires Jurisprudence and its practical application are analysed from the perspective of the law in action rather than that of the law in the books A concluding chapter examines global standards and trends in this area of law There is no other publication fully devoted to the subject of collective dismissal extensively elaborated and supported with case law As a source of reliable information as manifested in the actions of judges lawyers solicitors firms and labour unions this book has no peers It will be welcomed and put to use by lawyers and solicitors specializing in labour law in house counsel and human resources professionals at multinational companies regulatory authorities and labour unions as well as by universities and centres of research in the field of European law and labour law The editors Roberto Cosio Filippo Curcuruto Vincenzo Di Cerbo and Giovanni Mammone all have extensive experience in judicial and administrative practice related to EU labour law particularly in Italy All are well known authors in this field *French Law* Eva Steiner,2010-03-04 This text provides an account of the French legal system and its internal workings It explains both the institutions and substantive law along with the methodology that underpins the system Comparisons to other legal jurisdictions are made throughout
