Treatment of Child and Adult Survivors Byrgen P. Finkelmann,2013-08-06 First published in 1995 This is Volume five of a series that looks at the developmental stages in addressing the complex and social problem of child abuse The articles in this volume address the treatment of child victims and adult survivors of childhood sexual physical and emotional abuse and neglect Where physical abuse is concerned treatment of victims and survivors lagged far behind the treatment of sexual abuse victims and survivors This may be due in part to the fact that in cases of physical abuse with its physical manifestations that heal more attention is paid to the immediate physical safety of children than to their short and long term emotional needs Thereafter the focus of treatment tended to be on parents in hopes of preventing further abuse rather than on the abused children **Getting Even** Hildegard W. reach. Importantly it is along this pathway to meaning where the healing process ultimately takes place and where wholeness in spirit, mind and body can be found. Alex Pattakos PhD Co Author of *Prisoners of Our Thoughts*, Viktor Frankl's *Principles for Discovering Meaning in Life and Work* and *The OPA Way Finding Joy* the idea behind living a fulfilling and authentic life is paramount in the therapeutic community and addiction industry. The missing links are self-actualization, self-transcendence and meaning in the everyday experience when talking about recovery and sobriety. Dr. Dezelic and Dr. Ghanoum provide a clear and concise trauma training platform for professionals across disciplines where meaning is woven throughout all of the interventions. Cali Estes PhD Author of *The Recovery Coach Workbook* How do we heal from the pain of traumatic events? How do we survive in the face of unavoidable suffering and loss? Once again Dezelic and Ghanoum have developed innovative, colorful and informative Conceptual Pictographs to illustrate their model of recovery. TTFP is flexible enough to be appropriate for individual and group counseling as well as for self-exploration. This manual is an invaluable addition to the treatment plan for clinicians dedicated to helping trauma survivors heal from and discover meaning in the face of tragedy and sorrow.
