6 Guide Sci Fi Dystopia:

Utopian and Dystopian Themes in Tolkien's Legendarium Mark Doyle, 2019-11-08 Utopia and Dystopia in Tolkien's Legendarium explores how Tolkien's works speak to many modern people's utopian desires despite the overwhelming dominance of dystopian literature in the twentieth and twenty-first centuries. It also examines how Tolkien's malevolent societies in his legendarium have the unique ability to capture the fears and doubts that many people sense about the trajectory of modern society. Tolkien's works do this by creating utopian and dystopian longing while also rejecting the stilted conventions of most literary utopias and dystopias. Utopia and Dystopia in Tolkien's Legendarium traces these utopian and dystopian motifs through a variety of Tolkien's works including *The Hobbit*, *The Lord of the Rings*, *The Silmarillion*, *Book of Lost Tales*, *Leaf by Niggle* and some of his early poetry. The book analyzes Tolkien's ideal and evil societies from a variety of angles: political and literary theory, the sources of Tolkien's narratives, the influence of environmentalism and Catholic social doctrine, Tolkien's theories about and use of myth, and finally the relationship between Tolkien's politics and his theories of leadership. The book's epilogue looks at Tolkien's works compared to popular culture adaptations of his legendarium.

Speculative Orientalism: Asian Religions in New Wave Science Fiction Sang-Keun Yoo, 2025-08-21 Examining the works of prominent New Wave science fiction authors from the 1950-1960s, Sang-Keun Yoo highlights the underexplored connection between American science fiction and Asian religions such as Taoism, Buddhism, and Hinduism. The book considers how the major world wars of the 20th century—Second World War, the Cold War, and the Vietnam War—repositioned Asian culture in relation to the science fiction genre in the period. Underpinning this study, Sang-Keun Yoo argues that Speculative Orientalism emerged in American science fiction during the 1950s and 60s. This concept adopted various aspects of Asian religions to envision alternative worlds unburdened by the constraints of colonialism, totalitarianism, racism, and sexism present in contemporary American society. Bringing fresh perspectives to the works of William S. Burroughs, Philip K. Dick, Ursula K. Le Guin, and Samuel R. Delany, this book offers an insightful examination of the role of Asian religions in American science fiction and their impact on the genre's history.

Magill's Guide to Science Fiction and Fantasy Literature: Lest darkness fall, 1996 These four volumes cover 791 books or series; 238 of them published during the 1980s and 1990s. The entries are 1,000 words long for single books and 1,500 for series, with a one-sentence summary beginning each entry followed by bibliographical information. Volume 4 contains an extensive bibliography of critical works on science fiction and fantasy, a list of major award winners, a genre index, and a Booklist.
