Dispatches From Tumbleweed:

Dispatches from Tumbleweed Jim Stallings, 2007-11 A long absent traveler's return from the snowy northlands to sunny San Antonio the capital of South Texas and Northern Mexico inspires *Dispatches from Tumbleweed* This rolling stone poet and his wife settle in a San Antonio urban barrio he whimsically nicknames Tumbleweed and through eighty-four prismatic haiku records his first year's impressions for amigos left behind throughout America In the generation the couple has been away San Antonio named for the patron saint of lost things and souls has exploded into a large complex urban area absorbing the new but holding onto the old Here moderns regardless of origin can find and celebrate the fiesta of their true selves and their common humanity

Cold Warrior Hell Tracy Baker, 2017-05-12 The Cold War era was a time of international paranoia that created tremendous stress for the whole world Christians were not immune from this and had to live and work in the environment of fear in a world that had thousands of nuclear weapons Surprise attacks by aggressors during WWII combined with nuclear weapons on the world stage set forth the possibility of a surprise attack with drastically worse consequences In this book Dr Baker sets forth the experiences and stories of a Cold Warrior as he lived and worked through that difficult time in history He has kept the stories as realistic as possible though it is written for dramatic effect All names are fictitious however in order to protect the privacy of the individuals involved There are stories that will be humorous to the reader but all the stories create an atmosphere of high drama That was the atmosphere of the time because the demands on the military personnel were extreme with relatively small reward for their service The stories and experiences verbally illustrated occurred in a variety of settings Minuteman Missile Maintenance Minuteman Missile Launch a teaching assignment Base Supply including Fuels Management and finally Munitions Supply No specific units or bases are named to preserve their security and honor The reader will note that the people described in the book are not super men or women but normal people put into extraordinary situations by the circumstances of the Cold War Due to the large variety of personalities involved and the extreme demands of the complex systems circumstances are sometimes created that few if any fiction writers could create The result is that the reader will at times be spellbound but always kept interested by the dramas presented If the reader gets to laugh at times that's a plus

Splinters Leslie Jamison, 2024-02-20 From the New York Times bestselling author of *The Recovering* and *The Empathy Exams* comes a blazing unputdownable memoir Mary Karr author of *Lit* the piercing intimate story TIME Magazine of rebuilding a life after the end of a marriage an exploration of motherhood art and new love Leslie Jamison has become one of our most beloved contemporary voices a scribe of the real the true the complex She has been compared to Joan Didion and Susan Sontag acclaimed for her powerful thinking deep feeling and electric prose But while Jamison has never shied away from challenging material scouring her own psyche and digging into our most unanswerable questions across four books *Splinters* enters a new realm In her first memoir Jamison turns her unrivaled powers of perception on some of the most intimate relationships of her life her consuming love for her

young daughter a ruptured marriage once swollen with hope and the shaping legacy of her own parents complicated bond In examining what it means for a woman to be many things at once a mother an artist a teacher a lover Jamison places the magical and the mundane side by side in surprising ways The result is a work of nonfiction like no other an almost impossibly deep reckoning with the muchness of life and art and a book that grieves the departure of one love even as it celebrates the arrival of another How do we move forward into joy when we are haunted by loss How do we claim hope alongside the harm we've caused A memoir for which the very term *tour de force* seems to have been coined *Splinters* plumbs these and other pressing questions with writing that is revelatory to the last page full of linguistic daring and emotional acuity Jamison a master of nonfiction evinces once again her ability to stitch together the intellectual and the emotional with the finesse of a crackerjack surgeon NPR
