**Naked Exhibitionism** Claire Nally, Angela Smith, 2013-03-19 What does it mean to be naked in public Approaching this question from across the disciplines this book examines the evolution of female exhibitionism from criminal taboo to prime time entertainment Taking an interdisciplinary approach which brings together all fields of popular culture including literature media film and linguistics Claire Nally and Angela Smith offer an examination of gendered exhibitionism from the mid twentieth century to the present day They ask whether bodily exposure provides the liberation it professes to or

restricts our most secret selves to the sanitised realm of socially sanctioned gender roles From the art of burlesque as a riotous kingdom of the imagination to reality TV which helps women to unearth their true and buried feminine selves Nally and Smith explore how the critical history and theory of exhibitionism intersects with the wider movement towards gender equality Examining effects of second wave feminism to problematise the naked female form female and gender transgressive performers from Bette Davis to Dita von Teese are placed in their cultural context In order to demonstrate that female exhibitionism remains at the heart of popular culture this book also examines the works of Peter Ackroyd and the controversial playwright Sarah Kane uncovering the contradictions behind evolving representations of public exposure Within a post feminist framework the cultural constructions behind the repackaging of female exhibitionism are explored and the prominence of bodily exposure in popular culture examined along with the implications of those artists who perform gender as a public masquerade Finally hit TV shows *Ladette to Lady* and *How to Look Good Naked* are interrogated to expose the buried contradictions behind this public unveiling are women seizing control of their own identity or is this revelation an illusion Innovative unflinching and pertinent *Naked Exhibitionism* explores naked bodies in the public gaze and critically reformulates the feminist and cultural debate around the performance of gender *Neo-Burlesque* Lynn Sally, 2021-10-27 The neo burlesque movement seeks to restore a sense of glamour theatricality and humor to striptease Neo burlesque performers strut their stuff in front of audiences that appreciate their playful brand of pro sex often gender bending feminism Performance studies scholar and acclaimed burlesque artist Lynn Sally offers an inside look at the history culture and philosophy of New York's neo burlesque scene Revealing how twenty first century neo burlesque is in constant dialogue with the classic burlesque of the nineteenth and twentieth centuries she considers how today's performers use camp to comment on preconceived notions of femininity She also explores how the striptease performer directs the audience's gaze putting on layers of meaning while taking off layers of clothing Through detailed profiles of iconic neo burlesque performers such as Dita Von Teese Dirty Martini Julie Atlas Muz and World Famous BOB this book makes the case for understanding neo burlesque as a new sexual revolution Yet it also examines the broader community of Pro Am performers who use neo burlesque as a liberating vehicle for self expression Raising important questions about what feminism looks like *Neo Burlesque* celebrates a revolutionary performing art and participatory culture whose acts have political reverberations both onstage and off *Hijacking the Runway* Teri Agins, 2014-10-09 A fascinating chronicle of how celebrity has inundated the world of fashion realigning the forces that drive both the styles we covet and the bottom lines of the biggest names in luxury apparel From Coco Chanel's iconic tweed suits to the miniskirt's surprising comeback in the late 1980s fashion houses reigned for decades as the arbiters of style and dictators of trends Hollywood stars have always furthered fashion's cause of seducing the masses into buying designers clothes acting as living billboards Now forced by the explosion of social media and the accelerating worship of fame red carpet celebrities are no longer content to just advertise and are putting their names on

labels that reflect the image they or their stylists created Jessica Simpson Jennifer Lopez Sarah Jessica Parker Sean Combs and a host of pop sports and reality show stars of the moment are leveraging the power of their celebrity to become the face of their own fashion brands embracing lucrative contracts that keep their images on our screens and their hands on the wheel of a multi billion dollar industry And a few celebrities like the Olsen Twins and Victoria Beckham have gone all the way and reinvented themselves as bonafide designers Not all celebrities succeed but in an ever more crowded and clamorous marketplace it s increasingly unlikely that any fashion brand will succeed without celebrity involvement even if designers like Michael Kors have to become celebrities themselves Agins charts this strange new terrain with wit and insight and an insider s access to the fascinating struggles of the bold type names and their jealousies insecurities and triumphs Everyone from industry insiders to fans of Project Runway and America s Next Top Model will want to read Agins s take on the glitter and stardust transforming the fashion industry and where it is likely to take us next
