Christian Mysticism's Queer Flame Michael Bernard Kelly,2018-09-03 Is the Christian mystical tradition a relic of another time shaped by celibates for celibates unable to engage meaningfully with people of our time who embrace their corporeality and sexuality as crucial aspects of their journey towards union with God This book reflects in serious theological depth and detail on the spiritual and sexual journeys of gay men of mature and committed Christian faith employing the Christian mystical tradition as the lens and the interlocutor in this process This study examines the major themes and stages of the mystical tradition as outlined by Evelyn Underhill but also including more recent work by Ruth Burrows Thomas Merton and Constance Fitzgerald Using methods of qualitative research it then considers the texts of in depth interviews conducted with men most of whom are theologians or spiritual leaders with a deep Catholic faith and all of whom are openly self affirmingly gay Finally it employs Ricoeur s hermeneutical theory to engage in a creative theological conversation between the traditional mystical stages and themes and these men s lives as described in their interviews This is a unique study that brings together ancient spirituality with contemporary lived religion As such it will be of interest to scholars of religious studies theology Christian mysticism and spirituality and queer studies It will be of particular interest to those teach spiritual direction and to all who seek new ways to engage with the spiritual lives of LGBTIQ people This Assembly of

Believers Bryan Cones, 2020-11-30 Among the symbols with which the liturgy deals none is more important than this assembly of believers This claim made in the 1970s forces the local church to consider those within its congregation and recognise the gifts and challenges of difference within the church community In This Assembly of Believers Bryan Cones seeks to take seriously the pastoral context of a congregation recognising the physical ability gender and sexuality of those who make up the congregation Starting each chapter with their lived experience Cones poses important questions of the liturgy in light of these experiences before realigning the liturgy to demonstrate the positive theological significance of the **Meaningful Flesh** Whitney Bauman, 2018 Religion is much gueerer than we ever marginalised within the congregation imagined Nature is as well These are the two basic insights that have led to this volume the authors included here hope to queerly go where no thinkers have gone before The combination of gueer theory and religion has been happening for at least 25 years People such as John Boswell began to examine the history of religious traditions with a queer eye and soon after we had the indecent theology of Marcella Althaus Ried Jay Johnston one of the authors in this issue is among those who have used the queer eye to interrogate authority within Christian theological traditions At the same time there have been many queer interrogations of nature perhaps most notably in the works of Joan Roughgarden and Ann Fausto Sterling and more recently in the works of Catriona Sandilands and Timothy Morton an author in this volume However the intersections of religion nature and gueer theory have been largely left untouched With the exception of Dan Spencer who writes the introduction for this volume and is one of the early pioneers in this realm of thought with his book Gay and Gaia Pilgrim Press 1996 and the work of Greta Gaard in developing a queer ecofeminist thought religion and nature or religion and ecology have largely ignored the realm of queer theory In part the blinders to queer theory on the part of eco thinkers religious or otherwise are similar to the blinders eco thinkers have when it comes to postmodern thought in general namely if there are no absolute foundations how does one create an environmental ethic and a nature to save For this reason and many others this volume on religion nature and queer theory is groundbreaking Though these essays span many different disciplines and themes they are all held together by the triple focus on religion nature and queer theory Each of these essays offers a unique contribution to the intersection of religion nature and queer theory and all of them challenge strict boundaries proposed in religious rhetoric and many discourses surrounding nature Carol Wayne White s essay draws from a queer reading of James Baldwin to develop an African American religious naturalism which highlights humans as polyamorous bastards Jacob Erickson's essay examines Isabella Rossellini's Green Porno and Martin Luther's work to develop an irreverent theology Jay Johnston draws from personal relationships with his late dog and Master Pup fetish play to blur the boundaries between humans and other animals specifically within ethical and theological discourse Whitney Bauman reflects on how the very processes of globalization and climate change queer our identities and call for a queer and versatile planetary ethic Finally Timothy Morton leads us through a reflection on queer green sex toys to challenge the ontology of agrologistics Each of these

essays in their own way is concerned with fleshing out more meaningful encounters with the planetary community Without being too ambitious we hope that these sets of essays will help to open up a new trajectory of conversations at the intersection of religion nature and gueer theory The Queer Bible Commentary, Second Edition Mona West, Robert Shore-Goss, 2022-09-30 First published over ten years ago The Queer Bible Commentary brings together the work of several scholars and pastors known for their interest in the areas of gender sexuality and Biblical studies Contributors draw on feminist queer deconstructionist utopian theories the social sciences and historical critical discourses The focus is both how reading from lesbian gay bisexual and or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ communities This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to gueer interpretation of scripture Sex in Civilization Victor Francis Calverton, Samuel Daniel Schmalhausen, 1929 Several pages on homosexuality see index **Sex and the Pulpit** Abraham L. Feinberg, 1981 Chapter 10 Homosexuality Salute to a gay friend Holy Sex Austin L. Leininger, 2025-10-03 Christians need a new perspective from which to engage in the question and conversation of human sexuality Writing from an understanding of sexual intimacy as a gift from God that offers humankind the opportunity to transcend our separateness as embodied people this text explores the sacramental aspects of sex as an access point for experiencing God's grace While we may certainly learn things about sex from God there are also things we can learn about our passionate relational and loving God from sex Seeking insight from the existing sacraments of Baptism and Eucharist sex is examined sacramentally as a basis for describing a sacramental approach to sexual ethics. The method is then applied to difficult contemporary questions for both Church and society Specifically applied to the ongoing discussion of the legitimacy and morality of LGBTQIA2S relationships the method demonstrates a significant contribution to the faithful discussion of sex and theology as mutually informing conversation partners Religious and Theological Abstracts ,1993 Fidelity ,1983 The Publishers **Weekly** ,1897 Publishers' Weekly ,1897 **Binding with Briars** Richard Ginder, 1975 A Roman Catholic priest s struggle with homosexuality and church homophobia Jim Kepner Journal of African Religion and Philosophy ,1993 To the Lengths of God Bruno R.
