Disorders of Affect Regulation ,1999 **Affect Regulation Training** Matthias Berking,Brian Whitley,2014-08-30

Emotion Regulation is currently one of the most popular topics in clinical psychology Numerous studies demonstrate that deficits in emotion regulation skills are likely to help maintain various forms of psychological disorders Thus enhancing emotion regulation has become a major target in psychotherapeutic treatments For this purpose a number of therapeutic strategies have been developed and shown to be effective However for practitioners it is often difficult to decide which of these strategies they should use or how they can effectively combine empirically validated strategies Thus the authors developed the Affect Regulation Training as a transdiagnostic intervention which systematically integrates strategies from cognitive behavior therapy mindfulness based interventions emotion focused therapy and dialectical behavioral therapy The effectiveness of ART has been demonstrated in several high quality studies [Affect Dysregulation and Disorders of the Self](#)
Allan N Schore,2003-03-25 In 1994 Schore published his groundbreaking book *Affect Regulation and the Origin of the Self* This books builds from this landmark work and develops on his understanding of affect and the implicit self

Decolonising Justice for Aboriginal youth with Fetal Alcohol Spectrum Disorders Harry Blagg,Tamara

Tulich,Robyn Williams,Raewyn Mutch,Suzie Edward May,Dorothy Badry,Michelle Stewart,2020-12-29 This book reflects multidisciplinary and cross jurisdictional analysis of issues surrounding Fetal Alcohol Spectrum Disorders FASD and the criminal justice system and the impact on Aboriginal children young people and their families This book provides the first comprehensive and multidisciplinary account of FASD and its implications for the criminal justice system from prevalence and diagnosis to sentencing and culturally secure training for custodial officers Situated within a decolonising approach the authors explore the potential for increased diversion into Aboriginal community managed on country programmes enabled through innovation at the point of first contact with the police and non adversarial needs focussed courts Bringing together advanced thinking in criminology Aboriginal justice issues law paediatrics social work and Indigenous mental health and well being the book is grounded in research undertaken in Australia Canada and New Zealand The authors argue for the radical recalibration of both theory and practice around diversion intervention and the role of courts to significantly lower rates of incarceration that Aboriginal communities and families are best placed to construct the social and cultural scaffolding around vulnerable youth that could prevent damaging contact with the mainstream justice system and that early diagnosis and assessment of FASD may make a crucial difference to the life chances of Aboriginal youth and their families Exploring how far from providing solutions to FASD the mainstream criminal justice system increases the likelihood of adverse outcomes for children with FASD and their families this innovative book will be of great value to researchers and students worldwide interested in criminal and social justice criminology youth justice social work and education *Affect Regulation and the Development of Psychopathology* Susan J. Bradley,2003-07-16 This pioneering work sets forth an integrative model for

understanding the development of psychopathology What makes a person vulnerable to mental illness in general To specific clinical syndromes Why are some individuals highly prone to emotional distress Seeking a deeper understanding of these compelling questions the volume highlights the central role of affect regulation or the failure to develop functional strategies for regulating affect in a wide range of disorders An extensive body of psychological and neurobiological knowledge is synthesized to illuminate the processes by which this key capacity may be undermined in the developing child Bridging the gap between biological and psychodynamic perspectives on psychopathology the book has important implications for research prevention and treatment Affect Regulation and the Repair of the Self Allan Schore, 2013-11-15 This volume one

of two is the first presentation of Schore's comprehensive theory in book form as it has developed since 1994 In 1994 Allan Schore published his groundbreaking book *Affect Regulation and the Origin of the Self* in which he integrated a large number of experimental and clinical studies from both the psychological and biological disciplines in order to construct an overarching model of social and emotional development Since then he has expanded his regulation theory in more than two dozen articles and essays covering multiple disciplines including neuroscience psychiatry psychoanalysis developmental psychology attachment and trauma *Affect Regulation and the Repair of the Self* contains chapters on neuropsychoanalysis and developmentally oriented psychotherapy It is absolutely essential reading for all clinicians researchers and general readers interested in normal and abnormal human development *Affect Regulation, Mentalization, and the Development of the Self* Peter Fonagy, Gyorgy Gergely, Elliot Jurist, Mary Target, 2010-09-07 Winner of the 2003 Grady Award and the 2003 Goethe Award for Psychoanalytic Scholarship Arguing for the importance of attachment and emotionality in the developing human consciousness four prominent analysts explore and refine the concepts of mentalization and affect regulation Their bold energetic and encouraging vision for psychoanalytic treatment combines elements of developmental psychology attachment theory and psychoanalytic technique Drawing extensively on case studies and recent analytic literature to illustrate their ideas Fonagy Gergely Jurist and Target offer models of psychotherapy practice that can enable the gradual development of mentalization and affect regulation even in patients with long histories of violence or neglect **The**
