Dive Truk Lagoon The Japanese Wwii Pacific Shipwrecks:

Dive Truk Lagoon, 2nd Edition ROD. MACDONALD, 2023-06-30 The 50 mile wide lagoon of Truk Atoll far out in the remote expanses of the Pacific is quite simply the greatest wreck diving location in the world Scores of virtually intact Japanese WWII wrecks of transport ships still filled with cargoes of tanks trucks artillery beach mines shells and aircraft rest in the crystal clear waters of the lagoon along with two Japanese destroyers and one submarine each today a man made reef teeming with sea life The seemingly impregnable fortress islands of Truk Atoll were a powerful air base and the main forward anchorage for the Imperial Japanese Navy IJN On 4 February 1944 a daring 2 000 mile long range U S reconnaissance flight revealed the Truk lagoon to be full of the might of the Imperial Japanese Navy along with scores of large supply ships and transports The Allies decided to attack immediately Sensing this the Imperial Japanese Navy scattered but the merchant ships remained as crews rushed to offload their war cargoes Task Force 58 codename Operation HAILSTONE was formed for an immediate attack In total secrecy nine U S aircraft carriers steamed towards Truk supported by a screen of battleships cruisers destroyers and submarines At dawn on 17 February 1944 an initial fighter sweep of Truk by 72 F6F Hellcat fighters roared in over Truk under Japanese radar catching the Japanese by complete surprise The Hellcats immediately began strafing Japanese airfields and soon hundreds of aircraft were involved in one of the largest aerial dogfights of WW II With air superiority established U S dive bombers and torpedo bombers spent two days sinking all the large ships trapped in the lagoon In 1969 Jacques Cousteau located and filmed many of the wrecks the resulting TV documentary Lagoon of Lost Ships went viral Truk s secret was out the beautiful wrecks untouched since WWII have proved an irresistible lure for thousands of divers each year since then New illustrations of most of the previously unillustrated wrecks have now been specially created to make this book the most comprehensive guide to diving Truk Lagoon that has ever been produced **Dive Palau** Rod Macdonald, 2016 An historical account of the build up to the massive US Fast Carrier air raid and a gripping retelling of the raid itself Reveals for the first time the extent of Palau s underwater WWII heritage *Task Force 58* Rod Macdonald, 2023-01-04 The new breed of American fast aircraft carriers could make thirty three knots and each carried almost 100 strike aircraft Brought together as Task Force 58 also known as the Fast Carrier Task Force this awesome armada at times comprised more than 100 ships carrying more than 100 000 men afloat By 1945 more than 1 000 combat aircraft fighters dive and torpedo bombers could be launched in under an hour The fast carriers were a revolution in naval warfare it was a time when naval power moved away from the big guns of the battleship to air power projected at sea Battleships were eventually subordinated to supporting and protecting the fast carriers of which at its peak Task Force 58 had a total of seventeen This book covers the birth of naval aviation the appearance of the first modern carriers in the 1920s through to the famous surprise six carrier Kido Butai Japanese raid against Pearl Harbor on 8 December 1941 and then the early US successes of 1942 at the Battles of the Coral Sea and Midway The fast carriers allowed America in late 1942 and

early 1943 to finally move from bitter defence against the Japanese expansionist onslaught to mounting her own offensive to retake the Pacific Task Force 58 swept west and north from the Solomon Islands to the Gilbert and Marshall Islands neutralising Truk in Micronesia and Palau in the Caroline islands before the vital Mariana Islands operations the Battle of Saipan the first battle of the Philippine Sea and the Great Marianas Turkey Shoot The strikes by Task Force 58 took Allied forces across the Pacific to the controversial Battle of Leyte Gulf and to Iwo Jima and Okinawa Task Force 58 had opened the door to the Japanese home islands themselves allowing US bombers to finally get close enough to launch the devastating nuclear bombing raids on Hiroshima and Nagasaki Task Force 58 participated in virtually all the US Navy's major battles in the Pacific theatre during the last two years of the war Having spent many years investigating naval shipwrecks across the Pacific many the result of the devastating effectiveness of Task Force 58 diver and shipwreck author Rod Macdonald has created the most detailed account to date of the fast carrier strike force the force that brought Japan to its knees and brought the Second World War to its crashing conclusion [Pearl Harbor's Revenge](#) Rod Macdonald, 2024-07-09 informative and detailed with some interesting and little known anecdotes as well National Maritime Historical Society Early on Sunday 7 December 1941 Japanese carrier borne aircraft launched a surprise attack against the US Pacific Fleet based at Pearl Harbor It was a date that President Roosevelt declared will live in infamy During the strike Japanese planes attacked the seven US battleships lined up in Battleship Row and the flag battleship USS Pennsylvania in drydock for overhaul The battleship USS Arizona exploded from a bomb hit at the forward magazine killing 1 177 officers and men On USS Oklahoma 429 men were killed many trapped inside as the great battleship capsized after aerial torpedo strikes USS West Virginia meanwhile was hit by at least seven torpedoes and several bombs and engulfed in flames she settled onto the bottom on an even keel USS California was hit by a pair of torpedoes and a bomb flooding slowly she too settled on the bottom The other four battleships present were more lightly damaged with the crippled Nevada the only battleship to get underway during the attack being successfully beached By the time the assault was over eight battleships three light cruisers three destroyers a training ship and other smaller vessels had been sunk or damaged Hundreds of US aircraft had been damaged or destroyed while 2 403 Americans had been killed Within a week of the Japanese attack a great salvage organization had been formed Very quickly the lightly damaged battleships Pennsylvania Maryland and Tennessee had been repaired in naval yards and put back into service to protect the west coast of the USA Of the eight battleships attacked all but Arizona were raised temporarily patched up and sent back to naval yards on the west coast of America for final repair and modernization Main battery guns and ordnance were recovered from the wrecked Arizona which would then be left to rest on the bottom of the harbor for eternity as a memorial to the events of that fateful December day USS Nevada was lifted off the bottom in February 1942 California in March 1942 and West Virginia in June 1942 The capsized Oklahoma while eventually parbuckled and raised was found to be too badly damaged to be fully rebuilt Six of the eight battleships would thus return to service with improved protection

against bombs and torpedoes and being fitted with the latest anti aircraft and gunnery systems They would re enter to the war to wreak a terrible revenge making their presence felt during the reconquest of the Aleutian Islands and the Philippines and the great battles of Leyte Gulf Iwo Jima and Okinawa Nevada would go on Atlantic convoy duty before bombarding German positions off Utah beach as the D Day Normandy landings began This is the story of those six CRM ,2003
