DAVID WOOTTON

Divine Right And Democracy An Anthology Of Political Writing In Stuart England

John Dunn, Ian Harris

Divine Right And Democracy An Anthology Of Political Writing In Stuart England:

Divine Right and Democracy David Wootton, 2003-01-01 The seventeenth century was England's century of revolution an era in which the nation witnessed protracted civil wars the execution of a king and the declaration of a short lived republic During this period of revolutionary crisis political writers of all persuasions hoped to shape the outcome of events by the force of their arguments To read the major political theorists of Stuart England is to be plunged into a world in which many of our modern conceptions of political rights and social change are first formulated David Wootton's masterly compilation of speeches essays and fiercely polemical pamphlets organized into chapters focusing on the main debates of the century represents the first attempt to present in one volume a broad collection of Stuart political thought In bringing together abstract theorizing and impassioned calls to arms anonymous tract writers and King James I Wootton has produced a much needed collection in combination with the editor's thoughtful running commentary and invaluable Introduction its texts bring to life a crucial period in the formation of our modern liberal and conservative theories **Leviathan Or The Matter,**

Forme, & Power of a Common-Wealth Ecclesiasticall and Civill Thomas Hobbes, 2010-01-01 [Persia in Early Modern English Drama, 1530-1699](#) Chloë Houston, 2023-05-01 This book is a study of the representation of the Persian empire in English drama across the early modern period from the 1530s to the 1690s The wide focus of this book encompassing thirteen dramatic entertainments both canonical and little known allow it to trace the changes and developments in the dramatic use of Persia and its people across one and a half centuries It explores what Persia signified to English playwrights and audiences in this period the ideas and associations conjured up by mention of Persia and where information about Persia came from It also considers how ideas about Persia changed with the development of global travel and trade as English people came into people with Persians for the first time In addressing these issues this book provides an examination not only of the representation of Persia in dramatic material but of the broader relationship between travel politics and the theatre in early modern England **A Social History of Western Political Thought** Ellen Meiksins Wood, 2022-08-30 In this

groundbreaking work Ellen Meiksins Wood rewrites the history of political theory from Plato to Rousseau Treating canonical thinkers as passionately engaged human beings Wood examines their ideas not simply in the context of political languages but as creative responses to the social relations and conflicts of their time and place She identifies a distinctive relation between property and state in Western history and shows how the canon while largely the work of members or clients of dominant classes was shaped by complex interactions among proprietors labourers and states Western political theory Wood argues owes much of its vigour and also many ambiguities to these complex and often contradictory relations In the first volume she traces the development of the Western tradition from classical antiquity through to the Middle Ages in the perspective of social history a significant departure not only from the standard abstract history of ideas but also from other contextual methods From the Ancient Greek polis of Plato Aristotle Aeschylus and Sophocles through the Roman Republic of

Cicero and the Empire of St Paul and St Augustine to the medieval world of Averroes Thomas Aquinas and William of Ockham Wood offers a rich dynamic exploration of thinkers and ideas that have indelibly stamped our modern world In the second volume Wood addresses the formation of the modern state the rise of capitalism the Renaissance and Reformation the scientific revolution and the Age of Enlightenment which have all been attributed to the early modern period Nearly everything about its history remains controversial but one thing is certain it left a rich and provocative legacy of political ideas unmatched in Western history The concepts of liberty equality property human rights and revolution born in those turbulent centuries continue to shape and to limit political discourse today Assessing the work and background of figures such as Machiavelli Luther Calvin Spinoza the Levellers Hobbes Locke and Rousseau Ellen Wood vividly explores the ideas of the canonical thinkers not as philosophical abstractions but as passionately engaged responses to the social conflicts of their day

Revolution by Degrees J. Rudolph, 2002-09-13 This book examines the Whig theory of resistance that emerged from the Revolution of 1688 in England and presents an important challenge to the received opinion of Whig thought as confused and as inferior to the revolutionary principles set forth by John Locke While a wealth of Whig literature is analyzed Rudolph focuses upon the work of James Tyrrell presenting the first full length study of this seminal Whig theorist and friend and colleague of John Locke This book provides a compelling argument for the importance of Whig political thought for the history of liberalism

Contract, Culture, and Citizenship Mark E. Button, 2010-11 Explores the concept of the social contract and how it shapes citizenship Argues that the modern social contract is an account of the ethical and cultural conditions upon which modern citizenship depends Provided by publisher

Thomas Hobbes and Political Theory Mary G. Dietz, 1990 The eight essays in this volume celebrated the 400th birthday of the English political thinker Thomas Hobbes

Ideas of monarchical reform Andrew Mansfield, 2016-05-16 This book examines the political works of Andrew Michael Ramsay 1683 1743 within the context of early eighteenth century British and French political thought In the first monograph on Ramsay in English for over sixty years the author uses Ramsay to engage in a broader evaluation of the political theory in the two countries and the exchange between them At the beginning of the eighteenth century Britain and France were on divergent political paths Yet in the first three decades of that century the growing impetus of mixed government in Britain influenced the political theory of its long standing enemy Shaped by experiences and ideologies of the seventeenth century thinkers in both states exhibited a desire to produce great change by integrating past wisdom with modern knowledge A Scottish Jacobite migr living in Paris Ramsay employed a synthesis of British and French principles to promote a Stuart restoration to the British throne that would place Britain at the centre of a co operative Europe Mansfield reveals that Ramsay was an important intellectual conduit for the two countries whose contribution to the history of political thought has been greatly under appreciated Including extensive analysis of the period between the 1660s and 1730s in Britain and France this book will be of interest to scholars and students with an interest in political religious intellectual and cultural

history as well as the early Enlightenment *British Political Thought, 1500-1660* Glenn Burgess, 2009 Proceedings of the Aristotelian Society for the Systematic Study of Philosophy Aristotelian Society (Great Britain), 1998 List of members in each volume The Encyclopedia of Democracy, 1995 *The Continuum Encyclopedia of British Philosophy: D-J* A. C. Grayling, Andrew Pyle, Naomi Goulder, 2006 The Selected Writings and Speeches of Sir Edward Coke Sir Edward Coke, 2003 **The Early Stuarts** Roger Lockyer, 1989 Early Stuart England is one of the most intensively examined periods in English history The outwardly successful reign of Elizabeth I gives way during the period to the breakdown of consensus civil war and eventually to the destruction of the monarchy itself The reasons for this are hotly disputed The traditional explanations have been challenged by the Revisionists whose own work is being challenged in its turn book therefore is based on primary sources Whilst the main focus is on politics and religion the book also points to the significance of economic social and cultural currents in the history of the period **Revolution by Degrees** Julia Rudolph, 2002 Symposium, 1996 **The Maori Magna Carta** Paul G. McHugh, 1991 This account of the law surrounding the Treaty of Waitangi not only considers the constitutional nature of the relationship between Maori and Parliament but also describes the legislative activities of the New Zealand Parliament regarding Maori the role of the Waitangi Tribunal and the laws affecting Maori land tenure It addresses basic issues of constitutional law and theory including the legal aspects of the Crown's colonization of New Zealand progressing to consider issues of contemporary relevance such as common law aboriginal title the developing rules of international law and the legal doctrine of the Crown's fiduciary duty Publisher's description Popular Literature and the Construction of British National Identity, 1707-1850 John A. Taylor, 1997-06 After the restoration of the monarchy in 1660 a group of Britons began to apply quantitative analysis to policy This they called political arithmetic Applying mathematical method to the study of the practical problems of statecraft and commerce they made extensive use of observed data and pioneered the use of actuarial tables This study explores to what extent they owed their ideas to Francis Bacon Thomas Hobbes etc and whether they did indeed use Baconian method **The Journal of Markets & Morality**, 2005 **Hobbes** John Dunn, Ian Harris, 1997
