Political Theology and Islam Paul L. Heck,2023-11-15 Paul L Heck's Political Theology and Islam offers a sophisticated and comprehensive analysis of sovereignty in Islamic society beginning with the origins of Islam and extending to the present This wide-ranging study sets out to answer an unassumingly tricky question What is politics in Islam Paul L Heck's answer takes the form of a close analysis of sovereignty across Islamic history approaching this concept from the perspective of political theology As he illustrates the history of politics in Islam is best understood as an ongoing struggle for a moral order between those who occupy positions of rulership and religious voices that communicate the ethics of Islam and

educate the public in their religious and moral devotions In this sense sovereignty in Islam is split between ruling powers and pious communities whose interactions range from close cooperation to outright competition Heck shows that it is precisely through these interactions that Islamic conceptions of sovereignty are constructed and negotiated Political Theology and Islam s first section spells out the concepts and methods for the study of politics in Islam as a struggle for a moral order one not only involving varied claims to sovereignty but also a general determination to realize the righteousness of Islam that stands at the heart of the message that the Prophet Muhammad conveyed to his society in seventh century Arabia The following sections demonstrate through examples from both the past and today s worldwide Muslim community the diverse ways in which the umma the community of Muslims has struggled for a moral order that recalls its prophetic message Deftly moving in various political theaters and through a wide range of intellectual traditions Heck s book will emerge as a touchstone of scholarship in the field of Muslim politics and intellectual thought **Journal of the Muhyiddin Ibn 'Arabi Society** ,1999
