Divinity And Humanity The Incarnation Reconsidered Current Issues In Theology:

Divinity and Humanity, 2007 The doctrine of the Incarnation lies at the heart of Christianity But the idea that God was in Christ has become a much debated topic in modern theology Oliver Crisp addresses six key issues in the Incarnation defending a robust version of the doctrine in keeping with classical Christology He explores perichoresis or interpenetration with reference to both the Incarnation and Trinity Over two chapters Crisp deals with the human nature of Christ and then provides an argument against the view common amongst some contemporary theologians that Christ had a fallen human nature He considers the notion of divine kenosis or self emptying and discusses non Incarnational Christology focusing on the work of John Hick This view denies Christ is God Incarnate regarding him as primarily a moral exemplar to be imitated Crisp rejects this alternative account of the nature of Christology

Fullness Received and Returned Seng-Kong Tan, 2014 Seng Kong Tan argues that human participation in the divine classical theological axiom most notably associated with the Eastern Orthodox tradition is a central theme in the theology of Jonathan Edwards This notion Tan contends is a defining motif for the entire systematic sweep of Edwards's theology and it serves to focus and determine the contours of Edwards's thought Fullness Received and Returned situates Edwards's theology within the folds of the classical theological tradition while arguing that Edwards's is a unique and creative form of Reformed theology

Relationship Is the Transformative Space Darryl Wooldridge, 2016-02-09 This book affirms relationship as the shared human elemental pursuit and proposes relationship as the transformative space Wonderfully the author asserts it is God's intention to fulfill this intrinsic human desire in the present in all of us and universally This desire is an often inarticulate innate desire and pursuit to enjoy and reflect the divine image in which every human being was created In this book this pursuit is referred to as proleptic spiritual transformation Pr ST That is this book demonstrates that what is too often relegated to eternity is available now Relationship is the Transformative Space considers God's heart in relationship and its implication toward human spirituality and how this intent has been interrupted and restored God is actively interested in the recovery of a fully expressed image in humanity

What Can Be Known About God Is Plain Tyler Taber, 2024-12-16 Why is God s existence not more obvious Why does he seem hidden This is commonly known as the Problem of Divine Hiddenness In *What Can be Known about God is Plain* Tyler Taber seeks to elucidate these questions from a Christian perspective Drawing from the work of noted Christian philosopher Alvin Plantinga Taber addresses the Problem of Divine Hiddenness with theological acumen as well as with resources from the Reformed tradition Taber argues that the problem has an answer when these questions are analyzed in conjunction with Plantinga s epistemology and alongside certain Reformed doctrines for instance the doctrines of general revelation sin s noetic effects the internal witness of the Holy Spirit and so forth

God Incarnate Oliver D. Crisp, 2009-08-06 The doctrine of the incarnation is one of the central and defining dogmas of the Christian faith In this text Oliver Crisp builds upon his previous work *Divinity and Humanity: The Incarnation Reconsidered* Cambridge 2007 In *God Incarnate* he explores the Incarnation

further and covers issues he did not deal with in his previous book This work attempts to further the project of setting out a coherent account of the Incarnation by considering key facets of this doctrine as parts of a larger integrated doctrinal whole Throughout he is concerned to develop a position in line with historic Christianity that is catholic and ecumenical in tone in line with the contours of the Reformed theological tradition within which his own work falls And like its predecessor this book will draw upon philosophical and theological resources to make sense of the problems the doctrine faces *American Book Publishing Record* ,2007 *Century Path* ,1904 **The Literary World** ,1899 *Border Regions of Faith* Kenneth Aman,1987 **Advancing Trinitarian Theology** Zondervan,2014-11-04 An Exploration of Different Issues in the Doctrine of the Trinity Throughout the last century theologians gave great attention to the doctrine of the Trinity and they largely succeeded in restoring it to a central place in Christian thought But as they highlighted the novelty of the revolutionary new trinitarianism a number of generalizations crept into the discussion that requires a careful reevaluation of the classical tradition Trinitarian Theology the subject of the second annual Los Angeles Theology Conference sought to make constructive progress in the doctrine of the Trinity by aligning the trinitarian revival with the ongoing task of retrieving the classical doctrine of the Trinity The nine diverse essays in this collection include discussions on Ways to clarify the doctrine of the Trinity without sacrificing its essential mystery The ways in which trinitarian theology applies practically to the Christian life and mission Highlighting the counter revolutionary trends in the most recent trinitarian thought Discourse on the role Karl Barth played in advancing trinitarian thought Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future **Public Opinion** ,1870 *The Catholic Periodical Index, a Cumulative Author and Subject Index to a Selected List of Catholic Periodicals* ,1961 *The Word Made Flesh* Ian A. McFarland,2019-09-03 Most theologians believe that in the human life of Jesus of Nazareth we encounter God Yet how the divine and human come together in the life of Jesus still remains a question needing exploring The Council of Chalcedon sought to answer the question by speaking of one and the same Son our Lord Jesus Christ the same perfect in divinity and also perfect in humanity the same truly God and truly a human being But ever since Chalcedon the theological conversation on Christology has implicitly put Christs divinity and humanity in competition While ancient and not so ancient Christologies from above focus on Christs divinity at the expense of his humanity modern Christologies from below subsume his divinity into his humanity What is needed says Ian A McFarland is a Chalcedonianism without reserve which not only affirms the humanity and divinity of Christ but also treats them as equal in theological significance To do so he draws on the ancient christological language that points to Christs nature on the one hand and his hypostasis or personhood on the other And with this McFarland begins one of the most creative and groundbreaking theological explorations into the mystery of the incarnation undertaken in recent memory **Religion Index One** ,1999

The Incarnation Timothy J. Pawl, 2020-10-22 The Doctrine of the Incarnation that Jesus Christ was both truly God and truly human is the foundation and cornerstone of traditional Christian theism And yet this traditional teaching appears to verge on incoherence How can one person be both God having all the perfections of divinity and human having all the limitations of humanity This is the fundamental philosophical problem of the incarnation Perhaps a solution is found in an analysis of what the traditional teaching meant by person divinity and humanity or in understanding how divinity and humanity were united in a single person This Element presents that traditional teaching then returns to the incoherence problem to showcase various solutions that have been offered to it
